EXPERIENCE

DIOAN, Angola   **June 2024**
Front-End Developer

- Owned the entire front-end development process, from design to deployment, demonstrating strong ownership and long-term thinking.
- Collaborated with cross-functional teams to deliver a cohesive product, reflecting a customer-obsessed mindset and commitment to high standards.

Brand New Vision, Lesotho   **May 2024**
Intern

- Analyzed and reported on the success of campaigns and suggest optimizations.

Lesotho Nation Brand, Lesotho   **Jan 2024**
Intern

- Assisted in the development of a new product, resulting in increased revenue and market share.

PROJECTS

Taskify

- Improved rendering efficiency by leveraging React's component architecture and Next.js's built-in optimizations, resulting in faster page loads and smoother transitions within the task management interface.

GameOn

- Optimized frontend performance by utilizing SCSS for modular and maintainable styling and JavaScript to enhance user interactions, leading to a faster and more engaging application.

EcoBites

- Containerized the application using Docker, streamlining the deployment process and enhancing the development workflow by creating consistent environments across different stages of the project.

SKILLS

Programming languages: JavaScript, TypeScript, Ruby, CSS, HTML

Computer software/ frameworks: Microsoft office, React, jQuery, Redux

EDUCATION

Le Wagon   **Cape Town, WC**

Full Stack Web Development   **Dec 2023**

Coursework: Software architecture, Database and SQL, Front-end development, Web app development, AI integration.
Relevant course work: Version Control & Git, Product Design and Figma, Web Design, Terminal & Bash
